TRC-3 Universal All Remote Controls Jammer

2020/04/29

TRC-3 is a universal remote control jammer that can stop the work of all commonly used remote controls. Among them you will find ordinary TV and air conditioner remotes, car lock remote controls, remotes of the toy cars and planes of your kids, garage door remote controls, and so on. So if you want to make some jokes on your neighbors, improve the discipline of your kids (for example, block TV remote if they watch too much TV) or something like that – TRC-3 will help you to achieve your goal without additional efforts. Yet it has more practical implementation aside from making jokes or raising your kids. Different surveillance drones, flying UAVs (Unmanned Aerial Vehicles) and remotely controlled robots are getting popular these days. They come in many different shapes and with lots of functions. Those surveillance drones are also may be either professionally made or home-made, though both can do their snooping job quite well. Of course, professionally developed and constructed models are much better and have more features useful to their owner but their cost is much higher. As long as many of those surveillance drones are controlled via remote controls, this device can protect your privacy from being compromised by those robots. Features: Works with three popular remote control frequencies Large operating radius as for handheld device Three specific antennas Embedded battery Two power adapters for longer usage Specifications: Frequencies Blocked: 315 / 433 / 868MHz Signal Power: 1W Blocking Area: 20 meters radius Power Supplies: AC or car power adapter or battery Battery Details: Li-ion 8.4V 5200mAh, works for 2-3 hours, recharges for 3 hours Power Adapters Data: AC 110-240V DC 12V, car 12V DC 12V Temperatures Allowed: -30C to 60C Devices which TRC-3 can jam completely: Kymera Magic Wand Lehman Aviation LFPV UAV Recon Robotics Recon Scout XT
