Hi, New to post.. lurked for years. I just upgraded my internet speed. Big house. So my question is mostly looking for advice on what to replace the stuff with. I just got upgraded to 300mbps down 20 up speed and my current equipment cant handle that and limits it severely. Also need to replace my pci card in my pc to handle it (And I busted the antenna >.>)Any advice is lovely. Hoping not to slay my bank account on this.
